Master Bedroom and En-suite Design Workshop I

The master bedroom is a welcome retreat from the rest of the house. Learn the fundamentals of good master bedroom, closet, and en-suite design in this three hour workshop that combines case study examples, key design principles, and hands-on exercises.

Saturday Oct 15, 9:30am - 12:30pm - \$125

Good Design on a Budget

Good design doesn't have to cost a lot of money. In this 75 minute seminar we will show you how to get the most design bang for every dollar and discuss the five most cost effective design changes you can make to your home.

Saturday Oct 22, 11:00am - 12:15pm - \$45

The Economics of Slow Home Remodeling

A Slow Home remodelling budget begins with the end in mind. Smart design strategies ensure that the whole is worth more than the sum of its parts. Learn how a comprehensive budgeting framework will keep any project on budget without sacrificing design quality.

Saturday Oct 22, 1:00pm - 2:15pm - \$45

Getting the Fundamentals Right: Remodeling Workshop I

Turning a fast house into a Slow Home is easier than you may think. The first step is to get the fundamental design strategy for the floor plan in place. In this workshop you will learn the key design principles behind a successful remodel and how to apply them to a series of case study floor plans.

Saturday Oct 29, 9:30am - 12:30pm - \$125

The first set of Saturday workshops and seminars is now behind us and we're about to start our second month of design classes in the Slow Home Studio. The demonstration teaching model that we borrowed from cooking school was a big hit and it was great to see everyone sitting at their desk working on the design exercises along with us.

It was particularly interesting to see how many of the participants had no previous design experience. Our workshops and seminars are specially designed to be enjoyable and relevant for people with a variety of backgrounds, particularly those with no experience in design, or even drawing.

If you were unable to attend these first four courses, don't worry, we have an exciting line-up of four new in-house courses for October.

The two 3 hour workshops on Master Bedroom design and Remodelling Fundamentals are a great way to release your inner architect. This month's two 75 minute seminars focus on the money side of design. In Good Design on a Budget we'll show you how to stretch your budget for maximum design impact and in The Economics of Slow Home Remodeling we step back to look at the larger economic picture and demonstrate how to develop a comprehensive budget strategy for your project.

We are looking forward to having you join us for a Saturday afternoon of design education.
